

# ReadySuite™

Includes a 48-seat office solution + up to 5 Intel servers.  
Testing is optional.

A Simple Solution for a Complex World.

ReadySuite membership addresses the typical high-cost, high-frustration factor associated with business continuity planning. For a small monthly fee, Agility will deliver whatever you need to recover your business. ReadySuite includes:

## Power

Emergency generators stationed across North America

## Space

Numerous options to fit your business needs, including commercial, retail and mobile office space

## Technology

Up to 48 computers, five Intel servers, three tape drives, printers and fax machines ready for express delivery

## Connectivity

Satellite connectivity to restore phone and Internet service

IT-Lifeline and Agility Recovery have joined forces to provide a comprehensive business continuity solution. The power of this Partnership ensures an effective and streamlined solution that suits your business needs. The combined strength of our two companies guarantees continuity of operations following a disaster of any sort.
